| <b>FINAL REMARKS</b>       |  | <p>The online classes aren't helping but it would be better if we can just get the video of the lecturer explaining it, so that we can go over the video again and also write down points.</p> <p>And also some people have network problems which will also limit how effective they are during the class.</p> <p>Thank you.</p> |                  |                      |
