ANSWER

The following includes the Production/Services opportunities in the COVID-19 situation;

- 1) FACE-MASKS AND MEDICAL SUPPLIES:** During this period of the coronal virus there has been a global increase in demand for items such as face-mask, disposable gloves, ventilators, hand sanitizer etc. This can be a very good production opportunity for companies engaged in production of health related facilities as well as individual to take advantage of in an era like the covid-19 lockdown.
- 2) CLEANING SERVICES:** cleaning services has seen an unexpected increase in sales during the covid-19 lockdown, the reason for this being that people who offer this service have seen increase demand for keeping up with public places demanding sanitizing. So this can be a production/service opportunity to an individual or a company providing cleaning services in this era.
- 3) SHOPPING DELIVERY SERVICES:** During the covid-19 lockdown shopping delivery service can be a good service opportunities for individual as well as companies to take advantage of since demand for certain items such as food, masks, gloves has increased this will be a good service idea to start in the lockdown by doing home delivery of such items needed.
- 4) FITNESS EQUIPMENT PRODUCTION:** During the lock down period, production and sales of fitness equipment has increased to a certain extent, since people now do more of home exercise. So this will be a very good area where companies that deal on sales of these facilities should take advantage of.
- 5) PRODUCTION OF SOFTWARE APPLICATIONS FOR ONLINE/VIDEO CONFERNING:** This is also a good production/service opportunity that is available during the lockdown period, due to the fact that the use of online applications such as zoom, slack has increased for use of online lectures, working from home and group meeting of any kind so this can be a production opportunity that app designers and companies that deal on software should take advantage of.
- 6) SOAP PRODUCTION:** In a period such as the lockdown soap production is also another good production opportunity that can be taken advantage of by anyone, since the demand for soap has seen an increase, as people will have to wash their hands regularly. So this is another great opportunity to take advantage of
- 7) TELECOMMUNICATION SERVICES:** In the lockdown period telecommunication services such as communication using electric signals or electromagnetic waves through telephone

network, radio broadcasting system, computer networks and the internet. Can also be another good service opportunity available to take advantage of?

- 8) **HOSPITAL SERVICES:** During the lockdown period this can also be another good service opportunity to take advantage of since there have been increases in the need of people who are willing to volunteer for this service.
- 9) **MASS COMMUNICATION SERVICES:** This is also another good opportunity to take advantage of during the lockdown. Mass communication is the process of imparting and exchanging information through mass media to large segments of the population
- 10) **ELECTRICITY SUPPLY SERVICE:** Electricity service such as PHCN can be a good service opportunity during the covid-19 lockdown as electricity is of great demand in this period. So people can get involved in working with power holding companies such as PHCN.
