ENG 384 CLASS TEST.

ANSWER:

- Analysis of the financial outcome could lead to being not open to spending on the project. Most times, economists seem to pull back on allocating fund for the project.
- Engineering managers and human resources also have to consider the effect of the needs of their workers as against the finances of the project.
- The project managers have to know the right choice of material needed to complete the project. The material must be economic and durable.
