

NAME: ADAH EMMANUEL .O.

MATRIC NO: 17/ENG06/001

COURSE: ENGINEERING LAW & MANAGERIAL ECONOMICS

COURSE CODE: ENG 382

ADAH EMMANUEL'S KEY NOTE ADDRESS

1. The Law is important to exist in any society because, It would serve as a norm of conduct for the citizens and non-citizens e.g.; tourists.
2. To determine the relevance of law norms as a necessity, the ideas and opinions of the public needs to be taken into consideration, so as to promote sustainability in the country.
3. During engineering management, the ability to be able to minimize resources needed to perform a task and save cost is important.
4. Students studying to be engineering managers, would need to train themselves on analysing problems, brain storming efficiently and solving critical problems.

5. An engineer would need to familiarize with economic theories such as the principle of demand and supply, pricing, etc. so as to make decisions in a business environment.
6. Economics is relevance to engineer as it helps in cost control.
