#### SNAP TEST

- 1.) All goals that are set should be timely, meaning that there is a set deadline attached to the goal. This gives us motivation to meet the goal within a certain time period. It also provides the information needed to develop an action plan so that the goal can be met within the stated timeframe.
  
- 2.) The issues facing Nigerian legal system are:
  - a) Judicial corruption
  - b) Delay In the justice system
  - c) Potential inequality

In a system where the judiciary aren't just and efficient industries will suffer because bad industries can continue with their atrocious acts of making products that are not up to top quality but will get away with it because the system cannot bring them to justice. This will increase the chances of more fake industries flooding the market therefore killing business for the industries that should be standing
