### QUESTION 1

Write a brief report on your activities during the covid-19 period for the past three months.

- My university ABUAD went on a forced break on the 23<sup>rd</sup> of March 2020 due to the global pandemic of the covid 19. It wasn't easy for me mixing my school activities with my home activities and such the following are the activities I did during the past three months.
  1. Immediately I got home I finished up my practical report issued to me from the laboratory .
  2. I attended my various online classes such as engineering law, engineering maths, electronics engineering, electrical machines, linear systems etc
  3. I attempted the assignments issued to me from my various courses
  4. I tried reading but it was difficult because I was at home and I was given a lot of assignments
  5. I engaged in indoor exercises to be physical fit since during those three months they were strict lockdown in the FCT
  6. I had family time with the my family and tried relaxing my mind as the year was a busy
  7. While reading my notes I try to research online via YouTube for proper explanation because for my course of study ( electrical engineering) E- learning hasn't been the best because courses like control systems require more than just E learning for it's a complex course of study.
