

Name: Amaino Samuel

Department: Biomedical

Mat no: 18/ENG08/026

Course: Engineering law

- 1) I improved on my programming skills and learnt how to build both websites and apps and also started a journey in data science and machine learning

A Medical quiz application I'm currently working on.

Apart from programming I've been reading old books and trying to stay in as much as I can and self-develop myself, made a portfolio and I'm raking skills into it as much as I can.
