CRISES IN THIS COVID-19 ERA

Covid-19 is a disease caused by a new strain of coronavirus. CO stands for corona, VI stands for virus and D stands for disease. This is the current situation faced by everyone all over the world. The crisis involved will be discussed below.

This covid-19 era has caused lots of families to face financial crisis. Making it difficult for them to survive in the society. As a result of this, children are not able to feed on a daily basis which can lead to malnutrition. It was also reduced the stability of parents. Another problem faced is arm robbery and rape, people that don't have enough steal from others increasing the crisis in the society. The government uses this to get money from citizens of the country most especially in hospitals when a patient is sick will have to pay a high sum of money leaving them stranded with nothing.

Secondly, students no longer have interest in learning again, this is so because they do not understand the message the teacher is trying to pass properly. This crises has caused all activities to be on hold, such as going to work, going to school and many more activities. Covid-19 has really caused a lot to human health whereby anyone that is not careful on how to take good care of themselves will contact such deadly disease easily. This crisis has also reduced the level of fun carried out by humans on a daily bases.

Lastly, there are solutions that help to reduce the level of this crises. It involves staying at home promptly and enjoy the company of your family. Wash your hands at all times and wear your face mask when in public to prevent contacting the disease. This solutions will help prevent or reduce crises in the society

In conclusion, make staying at home fun during this period of pandemic and all citizens of the country should follow all protocols given by the government to help stop covid-19.
