1. Attempt an incisive interrogation of Solomon A. Edebor's Good Morning, Sodom, underscoring at least five underlying thematic thrusts the drama engages.

2. Attempt detailed character analyses of any three characters in Solomon A. Edebor's Good Morning, Sodom.

The play good morning, Sodom is a realist rendition that poignantly draws attention to destructive acts often engaged in by students, resulting in cheap deaths of dreams and dear ones on the nation campuses. Below are some themes that can be found from the play Good

Theme of wrong association

The play Good morning Sodom is analyzed to be in a form of satire, particularly to the youths in the higher institution who tend to exhibit so many dubious behaviour . the of wrong association can be said be one of the dominant themes in the play.

This theme was firs derived from the main character of the play keziah keziah was known to be a very focused and goal achieving young girl who did not want anything to come her way in achieving her dreams, she was known by her peers as a very serious individual who always takes her studies very serious, including her parents, not until she came in contact with demola who is known ton be the cause of Keziah's downfall in achieving her dreams, it all started from when demola made his first approach to Keziah on her way to class to study, she tried resisting him , demola on the other side who was so eager to get Keziah was still pushing , ovie and bunmi whom happen to be close friends to Keziah and have noticed how demola has been coming around , they tried convincing Keziah to give demola a chance, simply because they felt Keziah was being too hard on him and also felt demola was going to be a nice guy to Keziah, this is where the theme is been pointed out, it was because of the wrong association with friends like ovie and bunmi whon where not as focused as Keziah in achieving her dreams that lead to part of Keziah's downfall, her friends tried persuading her to give demola a chance, this is what is predominant among so many youths in the higher institution today, most of them get involved in some dubious act simply

because of the wrong advice they got from their friends, for the girls most of them get into toxic relationships and end up being messed up, some get pregnant and become drop out, Keziah can be used as a case study. It was seen in the play that she later fell into the trap of demola and she eventually got pregnant and it led to her dropping out of school, which brought a huge shame to her and her family.

Another part where we can say wrong association was seen in the play was also from demola, demola one of the major character in the play was to be calm and gentle, but most the things he found himself doing where from the bad company he kept, demola had a friend named k.k , k.k was known to be a very bad influence to demola in the play and also he led to demolas downfall . his influence to demola which was what led to demolas main fall was him giving demola a spell which was what he used to get Keziah and then it led to him raping her which led to her getting pregnant, this was where the conflict started in the play. Also part of k.k bad influence to demola was introducing him to a secret cult called red sparrows, they went for an operation and demola was found killed at university gate.

Having analyzed the play we can see that getting into a wrong association can destroy the dreams of individual, particularly seen among the young individuals in our society today, we should always learn to choose our friends wisely.

Theme of lack of parental care

Lack of parental care is one of the problems that was spotted in the play and also has affected the youths today in the society, parents have failed to monitor their children properly and also guard them to the right part. lack of parental care can be one the themes that was spotted in the play

Good morning Sodom.

This is seen from the parents of demola, they failed to monitor their son properly while he was at the campus, k.k demolas friend while he was confessing to the parents of demola Mrs Diran and Engr Diran, he said he was responsible for most of the dubious behaviours demola exhibited, firstly demola told his parents he wanted to stay of campus with the excuse of no space in the school hostel, all this was master minded by k.k, , we can as well say that the parents of demola failed to carry out proper monitoring on their child, it was their responsibility to find out the main reason why their child insisted on leaving the campus to stay off the school even if he gave them a reason of doing such.

Theme of anti-social crisis

Anti- social crisis can be said to be one of the problems that was raised from the play Good morning Sodom, this is also a problem that is been seen in so many higher intitutions today.

The issue of rape is one of the anti- social crisis that was seen in the play, rape as we all know has been one of the anti-social crisis that has been dominant in the society at large. So many girls have dreams been shattered because of the dubious act found among our young males.

It was seen that in the play Keziah who was very focused and determined to achieve her dreams was raped and it shattered her dreams and brought a huge shame to her family not only that it led to her getting pregnant and she eventually dropped out of school. It also caused a huge emotional trauma and affected her mentally.

Another anti-social crisis that was noted in the play was the practice of cultism which resulted to conflict of the play, cultism is a very destructive activity that has been a very huge problem in our society, most practiced among the youths, this activity was practiced among some students in Mayflower university. Demola and k.k which happened to be friends where as well members of the cult group, their activities disrupted the learning environment, looking at the death of demola , he was found shot dead at the university gate during their operation, unfortunately that was his first operation, his death affected Keziah knowing he got Keziah pregnant and also his family was in a big emotional trauma.

Cultism is an activity that needs to be curbed in our society, parents, religious bodies should partake to help curb the evil vice, so as to help secure the future of the youths, we can see that demolas involvement into a secret cult didn't do him any good, rather it ended his life and also put his love ones into pain.

And also his friend k.k on the other hand got a life imprisonment, simply to a conclusion that getting involved in cultism does not pay off, its reward is evil and it comes with pain and regret.

Failure of the constitutional authority

Most of the failed areas in the society today particularly in the life of the youths is the constituted authorities has failed to carry out their duties properly. We can say mostly in federal universities where we have a lot of anti-social vices carried out among the youths the constituted authorities tend not carry out preventive measures in as well as to curb or reduce the rate of some dubious activities carried out by the students, most of the constituted authorities are less concerned on the illegal activities carried out by the students , rather they keep quit and wait until the students are in the level that they cant be controlled any longer, this was seen in the play Good morning Sodom, most of the activities been carried out by the students, like cultism which was dominant in mayflower university, if the authorities took fast measures to stop such crimes it wont have gotten to the level it went , to the extent of students carrying guns and other prohibited weapons that's to show the level at which the crimes was at the university. All this where going on under the watch of the constituted authorities.

It is the duty of the constituted authorities to monitor the activities of students in the university so as to provide a safe learning environment for the students, but it was seen that the constituted authorities in mayflower university in the play Good morning Sodom failed to carry out their responsibilities properly, the result of the event that happened can serve as a prove to that.

Theme of death

Death which we all know is an irresistible factor, it comes unexpected, the theme of death was found in the play Good morning Sodom, which is said to be the conflict of the play, it was seen in the character demola which was to be one of the major character in the play Good morning Sodom.

The death of demola was indeed a sorrowful one which affected his family, friends, and majorly Keziah which he got pregnant coincidentally and left alone with the pregnancy. Demola died as a result of the operation been carried out by his cult group against another group, at the end of the day was shot dead unfortunately by his friend k.k mistakenly, demola belonged to the secret cult named red sparrows. His body was found by the university gate, students gathering to see the dead body, when Keziah set her eyes on the dead body she collapsed and was rushed to the hospital, it was then they found out she was pregnant. Demolas death affected Keziah so badly.
