Love: Demola felt a strong feeling of love for Keziah that's why he tried countless times to get close to her.

Keziah's mum showed her undying love for her daughter even when she got pregnant out of wedlock

Stella showed her love for Keziah by looking out for her and being there for her in her lowest moments

Lust: Demola felt lust towards Keziah and he let his lustful desires towards Keziah control him when he took advantage of the little opportunity he had to sleep with her

Sadness: Keziah was very sad and depressed when she realized Demola had raped her. She cried severely about it. Demola's death caused her great pain and sadness and she also felt sad when she found out she was 6 weeks pregnant for Demola. Keziah was also hurt when her father started treating her badly because of the child in her womb. She became suicidal at a point because of what she was going through.

When Stella was younger she got raped by her pastor's sons. This made her very sad and affected her relationship with GOD.

Betrayal: This is centered on Keziah and Stella. After being convinced by her friends that Demola was a good person and she should give him a chance, she trusted him and went over to his house and got raped. In Stella's case, she trusted the pastor's sons because her father kept her in their care and they used her.

Parental negligence: Parental negligence and love: Uninvolved parenting, sometimes referred to as neglectful parenting, is a style characterized by a lack of responsiveness to a child's needs. Uninvolved parents make few to no demands of their children and they are often indifferent, dismissive, or even completely neglectful. This theme centers on Demola's father and Keziah's father. Demola's father was not involved in Demola's life and just responded to his needs. He wasn't emotionally and physically attached to his son, if he was his son wouldn't have associated with the wrong people. As for Keziah's father, once Keziah got pregnant, he treated her as if she wasn't his daughter and made her feel very neglected, bad and guilty which resulted in her committing suicide.

Parental love is characterized by warmth, affection, care, comfort, concern, nurture, support, acceptance or simply love that a child can feel from their parents. This theme centers on

Keziah's mother. Although she was angry when she found out Keziah was pregnant, she still showed her care and supported her emotionally, mentally and physically.
